

VersaSpa New Client Form

KeyWestTans

1149 Northern Blvd, Clarks Summit Pa 18411 570.585.2097

You have agreed to participate in VersaSpa session(s) to achieve a tan on your skin. To help you best achieve your desired results, please read the following material carefully.

For best results, your skin should be clean, exfoliated and free of any lotions, face foundation makeup, deodorant or perfume. Healthy, hydrated skin will hold results longer and achieve color faster. Ask a tanning consultant for a recommendation of the proper regimen. Maintaining your color is possible with subsequent visits of every 4-6 days. **A VersaSpa tan will not prevent your skin from burning in the natural sun or in a tanning bed. Please take the proper precautions when tanning with UV light exposure.**

1. For best results, it is recommended to wait at least 6 hours (ideally, 12 hrs) after your **VersaSpa** session to shower or apply any type of moisturizer. You should also avoid any physical activity causing perspiration while your tan is developing.
2. The **VersaSpa** booth is designed to provide as even a tan as possible. However, tanners will be different heights and shapes, and may stand in different positions. It is possible you will find some areas of your tan lighter than others. In most cases, these differences are minor and disappear after several sessions.
3. More than one **VersaSpa** session per 12 hours is not recommended.
4. Because of the moisturizing agents in the mist, your eyes may feel itchy or scratchy but there is no evidence that the mist that will cause them any harm.
5. All the components of the **VersaSpa** tanning solution have been used in cosmetics and food products for decades and have proven to be safe for the skin. If you have ever had any adverse effects utilizing self-tanning products or moisturizers you will probably experience similar effects with **VersaSpa**.
6. All the active ingredients in the **VersaSpa Solution** are FDA approved for use as a self-tanning skin agent. However, the FDA has not specifically tested the ingredients for use in a spray on mist application. Thus the spray-on tanning process with this solution is not FDA approved. Testing of the ingredients for this application is currently in progress, and results to-date indicates that there are no adverse effects due to inhalation or contact with human mucus membranes, such as eyes or inside the nose or mouth or any part of the body covered by mucus membranes. In the meantime, we recommend taking protective measures and if a user chooses, he or she can request protective covering devices from the **VersaSpa** operator. If you choose not to use the recommended inhalation protection, we recommend that you hold your breath during the actual misting process, which lasts approximately 8 seconds per cycle. We make this recommendation because most individuals would prefer not to breathe in the mist even though there is nothing in it that would cause any harm if you did breathe it. Wearing a lip balm or similar product is recommended.
7. Tanning is completely private making tan lines optional. The bronzer used for the initial color is water-soluble and should wash out of any clothing, but the DHA application may cause permanent stains on clothing worn inside the booth.
8. Many customers wear disposable shower caps (provided by the salon) to keep the solution from getting in their hair. Others tan without covering their hair. The solution can't penetrate hair follicles and there have never been any cases where the tanning solution has changed anyone's hair color.
9. If you have any history of asthma or respiratory condition that could be aggravated by the use of **VersaSpa**, please consult a physician before using it and be sure to apprise us of any past allergic reactions to DHA products.
10. Some of the ingredients used in our solution contain a sugar base. Use of the machine may cause your blood sugar levels to rise. Please consult with a physician before using **VersaSpa** if you have a diabetic condition.

I, the undersigned, understand and will comply with all instructions, rules and regulations for proper use of the **VersaSpa** unit. I hereby authorize and direct employees or agents of the salon to perform such tanning procedures as may be deemed necessary or advisable, and have provided them with the above information required. I hereby relieve KeyWestTans and hold them harmless from any liability involved in the use of the tanning process. The salon and their agents or employees are not liable for any injury to person or property or the loss or theft of any personal property. I will not tamper with the tanning device. I have been made aware that the salon reserves the right to cancel tanning packages without reimbursement for customers who are verbally abusive, act in an inappropriate behavior, do not adhere to the salon rules, and/or act in a destructive or harmful manner. I understand that packages are sold on a per person basis and are not sharable or transferable. ALL SALES ARE FINAL. I have watched the **VersaSpa** video and read the above conditions and information on the **VersaSpa** booth.
